Request for Proposal

Firefighting Foam

The York County Office of Fire and EMS Assistance is soliciting proposals for the potential group purchase of Class A firefighting foam.

Proposers are asked to present proposals for Class A firefighting foam that meets or exceeds NFPA 1150 (Standard of Foam Chemicals for Fire in Class A Fuels), and requirements of the Maine Department of Environmental Protection. Items must be authorized for sale in the State of Maine.

Proposals must include pricing for a Class A foam in 55-gallon and 5-gallon containers. List accessories and options offered.

Include prices of those accessories, options, and any incidentals. Include freight/shipping costs and suggest methods to avoid or reduce shipping costs.

Pricing must remain valid until June 30, 2021.

Proposals shall include approximate number of days from order to delivery.

These proposals will be used to establish a list of vendors, products, and pricing for area fire departments to order from. Departments may order directly from the list or consolidated purchases may be made.

The county reserves the right to accept or reject any or all proposal at any time for any reason and to waive any formalities.

Deadline for proposals September 1, 2020.

Submit proposals to:

York County Fire & EMS Office
ATN Chief Hooper
149 Jordan Springs Road
